Drinking Home
Brewed Liquor
Kills Detective.

One quart of liquor brewed in a
sawed iron still instead of a
copper still early this morning was
the cause, given by University stu-
dent, for the death of R. W.
Holmes, aged 35 years, a Nick Har-
vey detective, residing at 2219 Bax-
ter street. Officers Littell and How-
ard, answering a telephone call
from Mrs. A. A. Paoli, aged 26
years, that Holmes was sick at her
residence, 1172 East Forty-ninth
street, arrived there to find Holmes
dead.

After discovering what they said
he was drinking from, the salu-
vated iron still, the police
placed Mrs. Paoli in the
city jail on a charge of violating
the Volstead act. The body of
Holmes was removed to the W. A.
Carter mortuary.

Two slight earth shocks were
felt early this morning by persons
living in the city. One of the
shocks was felt at the University Police Sta-
tion, 188 West Jefferson street, op-
posite the telephone exchange
at the corner of the Los Angeles
avenue and Western avenue,
where a car was on Fifth-fourth
street, reported that they felt
the shocks between 11:45 and
12:15. No damage was reported.

Remarkable Photograph of San Francisco Canyon Blaze Made from Airplane.
The picture shows the ridge on the west side of the canyon, viewed from the east, and includes the center of
the line of flames that were being carried by a terrific wind over the crest and into the canyon. All ter-
ritory for several miles to the west had been burned. This photograph was made for The Times by Lieut.
George H. Pond, U.S.N., at an elevation of 500 feet and from the point indicated on the map below by the
black cross. The plane then flew across the fire, descending to within 100 feet of the flames, and circled
around the entire area, pictures being taken all the way.

FLY THROUGH FLAMING CANYON.

Charles Owens, Times artist, and
Lieut. G. H. Pond, naval aviator in
charge of photographic work on the
Pacific Coast, yesterday flew over
the watershed of San Francisco
Canyon and looked down into hell.
Airplanes have been piloted over
forest fires before, but probably
never with the daring that Lieut.
Pond displayed. Special permission
had been obtained by The Times
from the Navy Department for
Lieut. Pond to make the trip with
Mr. Owens.

JAPAN'S ARMY PROGRAM RIVALS NAVAL AMBITION.

[BY CABLE—EXCLUSIVE DISPATCH.]
TOKIO, Sept. 28.—The naval program of Japan is no more
ambitious than that which is provided for the development of
the army. The fact is that the Mikado, the Genro, composed of
the "Elder Statesmen" and politicians, who still cling to the
archaic forms of feudalism, place greater dependence on their
land forces as a means of national defense than they do to their
navy, of which they are greatly proud.

The reason for this is that sea
power still remains largely an ex-
periment the value of which has
not been fully determined. For
several centuries, however, the
chivalric, the warrior, the
monarchist views or tolerating mon-
archist manifestations, or who re-
fuse allegiance to the republic, shall
be dismissed without pension, and
military men shall not be permitted
to carry arms except while on active
service.

The bill also proposes introduc-
tion of trial by jury.
MAIL BANDITS HOLD
UP SANTA FE TRAIN.
[BY A. P. NIGHT WIRE.]
OKLAHOMA CITY, Sept. 29.—
Six masked men, dressed in black
and heavily armed, boarded Santa
Fe train No. 6, southbound, three
miles south of Edmond, Okla.,
about twelve miles north of here,
at 12:25 o'clock this morning.
The mail-car clerk to throw
off four pouches of mail and es-
caped with an injunction to train-
men to "Beat It!"

This fact has been pretty clearly
established during the agitation over
the Japanese policy in Siberia.
The Japanese army and other leading
men in the government, including
Gen. Tanaka, until recently Min-
ister of War, as well as a large num-
ber of the leading politicians and
business men of the empire have
favored the unconditional withdraw-
al of the Japanese military forces
(estimated at 40,000, though there
are 50,000 in all.)

[EXCLUSIVE DISPATCH.]

SAN FRANCISCO, Sept. 28.—Roscoe (Fatty) Arbuckle
was held over to the Superior Court this afternoon by Judge La-
zarus on a charge, not of murder, but of manslaughter. He has
been admitted to bail of \$5000 and tomorrow he returns to his
Los Angeles home with his wife and his mother-in-law, his attor-
neys and some of his closest friends.

The holding of the slapstick king on the minor charge was
greeted with applause by hundreds of woman. They came into
the chambers of Judge Lazarus's court to shake the comedian's
hand, to congratulate him, to tell him how glad they were.

Fatty's first action was to an-
brace his wife, Minta Durfee, of the
films, who has sat beside him all
through the ordeal, and then to hug
and kiss her mother.

SHEDS REAL TEARS.
When he walked with them into
the chambers there were tears in
Fatty's eyes, tears in the eyes of the
clown, tears that were not meant
for any screen.

Mrs. Arbuckle and Mrs. Durfee
were crying too, and many of the
women who crowded their way into
the place were weeping.

"I was with you all the time,"
said one.
"Oh, I just knew they wouldn't
hold you for murder," said another.
"Isn't it wonderful," said a third,
"just like a fairy tale!"

Fatty had nothing to say to any
of them save "Thanks."
He rolled a brown paper cigarette
with one hand, unconscious of what
he was doing—and his great fingers
shook as he lighted a match.

He had been under considerable
strain all through the afternoon
in court. Judge Lazarus had had
much to say before he gave his de-
cision.

He had viewed all the evidence in
the case, he said, gently rebuked the
prosecution, but he had given no
hint of what his decision was to be
until he was ready to give it.

Judge Lazarus, in announcing
that the prosecution had put in its
case, that he had overruled the mo-
tion to dismiss the case—and that he
was ready to hear any witnesses the
defense might call.

Attorney Frank Dominguez, the
big lawyer for the defense, stated
that after consultation with his
aiders, it had been decided not to
call any witnesses.

"Little Discursion."
"Now, gentlemen," the judge be-
gan, "before I make a decision
the court will indulge in a little dis-
cussion."

"There is just enough evidence
here, I may say, barely enough, to
justify me in holding the defendant
guilty. Further facts and circum-
stances which would more strongly
establish the fact that Roscoe Ar-
buckle is guilty of the crime of mur-
der."

"This is an important case," said
the judge, "and I am trying Roscoe
Arbuckle alone. We are not
trying the screen celebrity who has
given joy and pleasure to all the
world."

"Actually, in a large sense, we
are trying ourselves. We are trying
our present-day morals, our
present-day social conditions, our
present-day looseness of thought
and lack of social balance."

UNIVERSAL ISSUE.
"The issue here is really and
truly larger than the guilt or inno-
cence of this particular unfortunate
man. The issue is universal and
grows from conditions which are
matters for comment and appren-
hension."

GRILLS JUDGE LAZARUS.

Brady Says Murder Charge Would Have Held Had
Arbuckle Been Unknown.

[BY A. P. NIGHT WIRE.]
SAN FRANCISCO, Sept. 28.—Dist. Atty. Brady asserted tonight that
Police Judge Lazarus treated the case of Roscoe (Fatty) Arbuckle dif-
ferent from ordinary cases because the defendant was an important ce-
lebrity. "Judge Lazarus plainly stated that more evidence should be re-
quired in this case than any other case for the reason that the defendant
was an important celebrity," Brady declared in a formal statement.

He gave what purported to be
the court's exact language as fol-
lows:
"Neither does the law in its treat-
ment of men make any distinction
between important defendants and
trivial defendants."

Brady declared that Judge La-
zarus's action in holding the defend-
ant for manslaughter was wholly
unjust, and said that "if Roscoe
Arbuckle were unknown and unim-
portant he would have been held
for murder and treated precisely the
same as were the defendants of re-
cent dispute."

"In holding the defendant to an-
swer on a charge of manslaughter,"
continued Brady's statement,
"Judge Lazarus admits that the evi-
dence showed that the defendant

GREAT RAILROAD MERGER PLANNED

Would Embrace All Roads of United States.

Interstate Commerce Body Advocates Change.

Declares Scheme Would Cut Enormous Expense.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Sept. 28.—Failure of the policy of voluntary consolidation of railroads as provided in the Transportation Act will be an added incentive to government ownership, according to a report today from the Interstate Commerce Commission.

This warning was enunciated by Prof. William Z. Ripley of Harvard University in his report on proposed consolidation of the railroads into nineteen systems, made public today by the Interstate Commerce Commission along with the commission's tentative plan for consolidation in part of the report.

In some respects the commission's plan does not follow the Ripley recommendations. It is a failure to seek earnestly the economies of large scale and systematic operation must necessarily strengthen the arms of those who are contending for the entire supervision of private ownership through a government taking, declared Prof. Ripley. "This phase of the matter cannot be overestimated. In no sense because of antagonism of government ownership, as such, but merely that in the final event a wise adaptation of means to the desired end of the best possible service at reasonable cost to the people may result."

PRESSING ISSUE. "The issue of governmental versus private ownership and operation of railroads is constantly pressing itself upon the attention of the Congress and the people. The principal argument in its favor is that it conduces to economy and efficiency because of unified operation."

In announcing its tentative plan the commission said it had sought to minimize dismemberment of existing lines or systems. "This tentative plan is put forward in order to elicit a full record upon which the plan to be ultimately adopted can rest, and without prejudgment of any matters which may be presented upon that record," said the commission. "Whenever we refer to a property, the properties controlled thereby under lease, stock ownership, or otherwise should be understood as included unless otherwise indicated."

For the purposes of this tentative plan that the railway properties of the Continental United States may be consolidated under the statutes, the following systems were proposed:

PROPOSED SYSTEMS. No. 1.—New York Central, including the Cleveland, Cincinnati, Chicago and St. Louis; Monongahela; Boston and Maine; Bangor and Arundel; and others. No. 2.—Chicago and North Western; Great Northern; and others. No. 3.—Chicago and Erie; Delaware, Lackawanna and Western; Bessemer and Lake Erie; Wabash; lines east of the Missouri, and others. WARM YANKEE CLOTHING WILL SUPPLANT NONDESCRIPT DUDS OF EUROPE'S INTELLECTUALS.

(EXCLUSIVE DISPATCH.)

NEW YORK, Sept. 27.—Fourteen thousand men and women of the class known as the intellectuals in Europe will doff the nondescript garments made from curtains, blankets, hangings, upholstery, sackcloth and patches this fall and step into warm, but plain, American clothing. These middle-class persons, college professors, civil service employees, architects, engineers, teachers, musicians and their families, accustomed to an income sufficient for their needs in peace times, suffered especial hardships during the war and the era of depreciated currency and inflated prices which followed.

After four years of war, during which imports of raw materials, woolens, cotton, manufactured textiles had been nil, and with all the stocks absorbed in meeting the demands of the military, there was a dearth of clothing. Makeshifts of every sort were resorted to and it was not uncommon to see even the well-to-do wearing suits made from old portieres, or shirts that had been made up from bed clothes. Such clothing was obtainable soared to prices beyond the reach of any but the rich.

On learning of the extraordinary lack of clothing among the intellectuals of Europe funds were provided which made it possible for the American Relief Administration, which Herbert Hoover is chairman, to supply 14,000 outfits of winter clothing to them, distributed by countries as follows: Austria, 3500; Poland, 5500; Hungary, 2500.

The estimated cost of each outfit is \$10.50. Each one will include a pair of shoes, two pairs of stockings or socks, two suits of underwear, two pairs of trousers, cotton lining, buttons, thread and other requisites to make a suit, overcoat or dress. The shoes, underwear and stockings have been purchased from American manufacturers. The other clothing will be made up on the other side from American materials.

Santa Fe, Colorado and Southern; Denver and Rio Grande; Western Pacific; and others. Pacific Coast: Chicago Rock Island and Pacific; El Paso and Southwestern; Vicksburg, Shreveport and Pacific; and others.

No. 15.—St. Louis-San Francisco; St. Louis Southern; Chicago and Alton; Missouri, Kansas and Texas; San Antonio; Valude and Gulf, and others.

No. 16.—Chicago and Eastern Illinois; Missouri Pacific; Texas and Pacific; Gulf Coast Lines; and others.

The commission noted that Canadian railroad subsidies, such as the Minneapolis, St. Paul and Salt Lake, and the Central Vermont, have been increased since the war, and that water carriers were controlled by railroads concerned were included.

Wanamaker Sounds Note of Optimism. HAS MORE FAITH IN NATION TODAY THAN IN LAST SIXTY YEARS.

(BY A. P. DAY WIRE.)

NEW YORK, Sept. 28.—The speedy return of prosperity with plenty of work for all was predicted today by two notable figures in the industrial and mercantile circles, Charles E. Bedford, president of the Vacuum Oil Company, and John Wanamaker.

"Business revival week," said Mr. Wanamaker, "I think will be expanded into a business revival of years and years. I have more faith in America today than at any time in my sixty years as a merchant."

"Instead of curtailing our advertising, we are enlarging it. Instead of standing pat on our stores, as they have been, we are refitting, rearranging, rebuilding and improving them. We do this because we have given employment to large bodies of mechanics and others day and night."

In Mr. Bedford's view conditions will be restored to normal by increasing the output of goods. "The business of this country," he said, "has been increasing rapidly for some time, and we have been employing more men steadily. I know of no business which has been in the Westinghouse and General Electric Companies have been approximately in the same position."

OPPOSE CLEMENCY FOR MANRIQUEZ. CHINESE WANT CONFESSED ACCOMPLICE IN MURDER TO PAY PENALTY.

(BY A. P. DAY WIRE.)

SAN FRANCISCO, Sept. 28.—Telegrams were received at the office of Gov. Stephens today protesting against requested clemency for Miguel Manriquez, confessed accomplice in the slaying of two American-born Chinese at El Centro during a robbery of the store conducted by the young Chinese, yesterday.

The telegrams were from the Chinese Six Companies of San Francisco and the Chinese community of San Francisco and Los Angeles.

Motion to set aside the judgment against Manriquez was to be heard at El Centro today, according to the Governor's office. Manriquez's execution recently was postponed by Gov. Stephens from September 30 to November 10, to permit perfecting of an appeal.

ARCTIC EXPLORERS "DIG IN" FOR WINTER. PART OF STEPHANSON'S PARTY, HEADED BY CRAWFORD, ON WRANGELL ISLAND.

(BY A. P. DAY WIRE.)

NEW YORK, Sept. 28.—An advance party of Vilhjalmur Stefansson's fifth expedition into the Arctic has arrived at Wrangell Island, where it will "dig in" for the winter. Mr. Stefansson announced today on receipt of a delayed telegraph from the advance party of Toronto, leader of the party.

Mr. Stefansson said the party consisted of four white men and four Eskimos, who sailed from Nome, Alaska, last August. They will be the first white men to spend an entire winter on the island, he added.

They will spend the winter exploring and mapping Wrangell Island and will be joined next spring by a larger party, led by Stefansson, which will remain in the Arctic for two or three years.

LAMONT HEADS GROUP TO PAY MEXICO VISIT. NEW YORK, Sept. 28.—Thomas W. Lamont, of J. P. Morgan & Co., as acting chairman of the International Committee of Bankers on Mexico, will leave for Mexico City Friday to modify selling prices of Mexican bonds.

He will be accompanied by a committee to which Mr. Lamont will submit a statement of his discussion of the International committee has large holdings of Mexican bonds but will have no place on the committee, which was organized during the war.

WOULD MODIFY SHIP PRICE. WASHINGTON, Sept. 28.—The Shipping Board would be authorized to modify selling prices of vessels bought during the war under a resolution introduced today by Senator Curtis, Republican, Kansas.

THOUSAND FIGHTING FIRE NEAR BERKELEY. BERKELEY, Sept. 28.—Approximately 1000 persons tonight combated a large grass fire in the hills back of the fashionable Claremont residence district in an effort to prevent its reaching homes and the Hotel Claremont. The fire started late yesterday and was fanned by a stiff breeze.

All available fire apparatus in Oakland and Berkeley was called out late this afternoon in an effort to check the blaze.

has been produced by the administration showing the effort of various agents to conspire in an "attack down" building. The conference will contain comments already returned by these agents and others attending in the collection having them revoted by the grand jury.

WAGE AWARD JUNK

The Landis wage award passed through the efforts agents and owners of completed buildings. It is voted today when representatives of various unions present for making a rehearing. The two business agents of the Union, Fred Weiss and George Forre, are to be brought before the judge tomorrow by Thomas E. Kearney, president of the Building Trades Co. The action taken by the plumbers in rephrasing the award to accept the award is reported, as was the maintenance of the 194 plumbing code agreed to pay \$1.25 an hour the final settlement.

After Kirwin, an employer, told the judge that he had paid off his men at the end of the day in accordance with

Delay. "I can't tell you to go and know what to do," said the man. "I have been forced to pay a fine of \$250," Kierlin said.

PAID THE DIFFERENCE

George Forre was quoted as saying that he would not accept or allow any of his men to work for less than \$250. Kierlin stated that he had appealed by every man to the court for the difference. "I have paid all the men on the job the first week."

Much of the blame for the closing of the Lanning was placed on owners of buildings who have been pushing their contractors to Kierlin, and Kierlin has an employing place.

"What are you paying your men?" asked the Judge.

"A dollar and a cent," said

"Self-preservation," replied the senator. The first week of the scale of the award I lost \$100. They walked off the job and we had to put them back on the scale. The situation everywhere is typical of the general situation. Owners are telling strikers to pay the dues and threaten to finish up their jobs unless business agents won't allow them to work for the new scale."

SOCCER YEAR PROMISING.

The general meeting of the Southern California Soccer Association was held last night, when plans for the coming season were formulated. The association is a threatened organization, but the coming season shows every promise of success. The league officials feel that the season will be a successful one, and the coaches have given due consideration to the situation. Valuable Loot Stolen from Woman's Auto

A. T. Jergins of 1614 Fletcher avenue, Pasadena, last night reported at Central Police Station that a suitcase containing women's dresses, silk shirt waists, shoes, other expensive clothing and a few valuable articles of jewelry, all valued at more than \$2000, belonging to his wife, had been stolen out of her automobile while it was parked on Olive street between Third and Fourth streets. This was only one of many thieving cases reported to the police yesterday.

POMONA COLLEGE OPENS NEW YEAR.

CLAREMONT, Sept. 21.—Convocation exercises, marking the opening of Pomona College, were held in Briggs Hall of Music today. The music building was crowded to its capacity this morning with students and friends eager to witness the formal beginning of the first term of the new year. Following the exercises in Briggs Hall, the college group and their friends gathered on the steps of the building for the flag-raising ceremony. President Blaisdell spoke the few words which formally opened the college doors.

FUNERAL SERVICES FOR CALIFORNIA PIONEER.

LOS ANGELES, Sept. 21.—Private funeral services were held this afternoon at the family home, 1111 San Pascual street, for Adam Treadwell Green, who had passed 75 years of his life in California. He came to California in 1851 as a lad of 19 years, when San Francisco was the gay capital of the El Dorado, unscarred by the Fortyniners. He became a big holder of real estate in San Francisco and surrounding localities, and amassed a fortune. Until nine years ago he lived in the San Francisco Bay district. Since then he and Mrs. Green had made their home in Pasadena, as their three daughters resided in Southern California. The daughters are Mrs. Howard Huntington and Mrs. George C. Jones of Pasadena, and Mrs. Fred H. Bixby of Long Beach. The funeral services and burial of the California pioneer this afternoon were private, only the immediate relatives being present.

CLAY BIRD BUSTERS ARE GETTING BUSY.

Now that most of the shotgun users have tired of the hunting season, clay bird busting is again to come into its own. Next Sunday at Vernon Gun Club, "Pop" A. W. Bruner will put on a special ten-target shoot for take home trophies. The targets will be regulation with four trophies up for the first four high guns and four trophies up for the four low guns. It will be the last time the local and visiting shooters will get a chance to shoot before the Vernon club holds its annual registered contest, starting October 5. All three traps will be worked and the affairs is expected to attract over ten squads of gun pointers.

WINNER

At last there's a battery they can't lick! With a Columbia Storage Battery on your car, the starting, ignition, and lighting systems get a lunch that at last they've met their equal. For the Columbia has a "Reserve Power" not found in the ordinary battery. Just a little higher voltage—equal to ignition demands even during a strenuous day of "starts". The car asks a good deal of a storage battery during the season, we'll admit. But we know—and our customers know—that the Columbia is one Storage Battery that's always equal to what's demanded of it.

of the Crucible of Forty Years

Volume and Value

Ambition, definite and strong—Policy, well defined and service-giving—of these we have spoken.

And, as molten metal may be quickly hardened into form, so these elements in the Crucible of Enterprise, put to the test and then into working form, quickly brought about a very tangible result—Volume of Business.

Quite as naturally followed a realization of the ever-increasing Value possible through Volume.

Every energy was directed toward increasing the amount of business done, that the incidental expenses might be proportionately decreased, with the final result of "still lower prices to the consumer."

To this end Hamburger's purchased and owns today its own ground, building and warehouse—and controls many services whereby overhead may be decreased.

How important concentrated buying can be is proven every day over Hamburger's counters. Nor does Hamburger's forget its gratitude to the people of Southern California who have made this circumstance possible.

In recognition of this cooperation, which was evidenced from the first day of sale at the little store down on Main Street, Hamburger's is planning Anniversary Selling Events of tremendous economy. Details will appear shortly.

WALNUT PRICES ARE ANNOUNCED

Association Quotes Figure to the Wholesalers.

Total Value of Crop Placed at Twelve Millions.

This Year's Output Declared Far Below Normal.

Opening prices to wholesalers for the 1921 crop of walnuts were announced yesterday by the California Walnut Growers' Association. The new prices, although uniformly higher than those quoted last October when the walnut quotations were slashed 25 per cent, are declared to be lower than those quoted by commercial packers. The latter by holding their prices 5 cents higher on No. 1 soft shells when a 24-cent quotation was made by the association, it is said.

The prices to wholesalers were announced as follows: No. 1 soft shells, 24 cents; No. 2 soft shells, 17 cents; fancy bunched, 21 cents; and standard bunched, 25 cents.

This year's walnut crop, which is declared to be 40 per cent below normal, amounts to 40,000,000 pounds. Including the value of meats that will be obtained from culls, the crop is expected to bring \$12,000,000. It matured twelve days earlier than normal this season and this will make it possible for all the important markets in this country to be supplied by Thanksgiving.

DEMAND BRISK.

The trade demand was surprisingly brisk yesterday, according to Carlyle Thorpe, general manager of the association. He attributes this to the attractive prices quoted, and says that while wholesalers willingly will pay more for California walnuts, the consumer is the real barometer of trade and must be seriously considered at all times.

"Irrespective of what the wholesaler or retailer is willing to pay for walnuts, the consumer is the barometer of business," says Mr. Thorpe. "If the consumer thinks the price of a certain product is too high for his pocketbook, he refuses to buy it, and the product is left in the hands of the retailer. This checks distribution all along the line."

To prove that it pays to put honest prices upon honest goods, he pointed out the fact that he sold more walnuts in five months last year than he ever before sold in a year, and the crop was completely disposed of, despite the fact that he added a heavy carry-over to the heaviest yield in the history of the industry.

ENVYABLE RECORD.

It is a well-known fact that the California Walnut Growers' Association is the only distributor of non-perishable foodstuffs that succeeded in selling every pound of its product last winter. The fact that its warehouses were empty when other distributors of foodstuffs had scores of cars of unsold products lying in eastern markets, was attributed by the association to the fact that every inch of stock in the selling organization has been taken up.

"The California walnut growers are able to place the world's best walnuts upon the table of the consumer at a price only 15 per cent in advance of the figure that the grower sets for them," asserts Mr. Thorpe. "The speculator has been eliminated, and we are undertaking, as always before, to distribute the crop in such a way that the price will be fair to the grower and fair to the consumer."

Court Awards Salvage for Ship's Rescue.

In the action of libel brought by the Buehner Lumber Company against the schooner *Prentiss* and the Albin Lumber Company, involving the rescue of the *Prentiss* by the steamer *Martha Buehner*, off Pigeon Point, on the night of Dec. 17, 1920, U. S. District Judge Bledsoe yesterday held that the action of the *Martha Buehner* crew in rescuing the *Prentiss* was entitled to salvage of the cost of \$5000. Of this amount \$2500 is to be distributed among the officers and crew of the *Martha Buehner*, and an equal sum goes to the owners of the vessel.

An attempt was made to show that the plaintiff company was entitled only to salvage for bringing the vessel, which had lost its propeller, to Los Angeles Harbor. If the judgment had been for salvage, the cost would not have been to exceed \$500.

Judge Bledsoe held that the fact that the accident to the propeller occurred at night, and that the captain of the *Prentiss* sent up distress signals, indicated that help was needed immediately, and the rule of salvage should prevail.

The cargo of lumber, belonging to the Albin Lumber Company, was not libeled, as it was disposed of before the action was brought. The bill of complaint asked for a judgment for \$25,000, but this was reduced in open court to \$10,000, and Judge Bledsoe gave the plaintiff company just one-half that amount.

POLYTECHNIC WINS PRACTICE SKIRMISH.

After four shortened quarters of strenuous labor, Poly High and Citrus Union called it a day yesterday afternoon, the Mechanics emerging victorious from the practice tilt at Azusa by a 7-to-4 score.

The Sunlight pickers were in the lead until the last period, when Curley Anderson trotted across the line for a touchdown and Solomon Cliche goal. Citrus Union's tally resulted from an intercepted forward pass.

ODD FELLOWS NAME LODGE DIRECTORS.

E. F. Hoegerman, E. M. Hadley and E. F. Peater have been elected by the Semi-Tropic Lodge, No. 371, J.O.F., as directors for one year of the Los Angeles Odd Fellows Hall Association. It is proposed to build a new Odd Fellows Temple, and a general meeting to discuss the matter soon will be called. The association owns a site at Twelfth and Flower streets.

LAST CALL IN PUZZLE CONTEST!

Tomorrow is Final Day in Which to Compete for Prize of \$25.00.

Loses Job, Thrown Out of Lodgings, Found Sleeping on Vacant Lot.

"Hard luck seemed to be on my trail. Everything went wrong all at once. All I want is a chance and I don't ask for any charity, but just an opportunity to work."

This is what Mrs. Alice T. Smith, 30 years of age, and a native of Ohio, told Police Detectives Cline and Cato when they discovered her asleep yesterday morning in a vacant lot at Second and Columbia streets.

In her statement to the two police officers before they found her sleeping and sleeping quarters in the Minnie Barton home, Mrs. Smith related the following bits of ill luck:

First—Her husband left her some time ago in Denver.

Second—After securing a position as an adding machine operator with a local company, she sprained her right wrist and was unable to go to work.

Third—She lost her job.

Fourth—She was put out of her lodgings for nonpayment of rent.

Today the police will try to secure employment for her.

TELLS HOW CASH WAS LOST IN "STOCK DEAL."

VICTIM OF ASSAULTED BUNKO GAME ON ST. AT ROGERS' TRIAL.

How he lost \$12,000 to four assorted bunks men just at the time he had expected to receive \$10,000 of supposed winnings on the stock exchange was told yesterday in Judge Reese's court by Werner Roehl during the trial of David Rogers, alias David B. Mitchell.

Mr. Roehl said he met a man who called himself C. A. Horst in the Great Northern Hotel, Chicago, where he was introduced to the available stranger who had "just made \$100,000 on the stock exchange."

Arrangements were made to have the witness meet the two at Madison, Wis., and from there the three traveled to Los Angeles by separate routes.

Arriving here, Mr. Roehl said, he was taken to a room where he thought there was a stock exchange. He was to have received \$50,000 and a man named Miller a similar sum, he said, but Miller said he had the whole \$100,000 and lost it. A fight, believed to have been staged between two of the assorted bunks men, followed.

Mr. Roehl said Miller gave him some money and told him to go to Baltimore with his wife and that Miller would meet them there. He never saw Miller again.

The case will be resumed today.

DEPUTY CRONIN TO BE NEW COUNTY JAILER.

WILL TAKE CHARGE SATURDAY. J. J. HENRY TO RESUME COURT BAILEFF POST.

Robert E. Cronin, for five years a deputy in the criminal department of the Sheriff's office, will take charge of the County Jail on October 1, it was announced yesterday by Sheriff Traeger. He will be appointed today to the position of jailer, it was stated, the appointment to take effect on Saturday. He will succeed J. J. Henry, who has been acting jailer since George Gallagher, for fifteen years in that position, left the institution.

Mr. Henry will return to Judge Hewitt's court as bailiff. Joseph P. Coyle, a clerk in the Sheriff's office, will temporarily take the place left vacant by Deputy Cronin's appointment. In making the appointment the Sheriff spoke highly of Dan W. Critchley, who, with Deputy Cronin, was the only other person on the list of names for the appointment.

The jail, it was stated, presently is the biggest problem the Sheriff has, being overcrowded and containing more prisoners than many penitentiaries. It is one of the three biggest county jails in the United States, it was stated, as its number of prisoners.

Deputy Cronin stated that he realized he has a "man-sized job" to handle the institution, but will tackle it with vigor.

DR. MYERS WILL SPEAK.

Dr. Courtland Myers, formerly pastor of the Tremont Temple Baptist Church of Boston, will speak tomorrow night at the opening of the evening school at the Bible Institute of Los Angeles, 826 South Hope street.
